Shin Ye-Rim

You are probably the only one who'd give time to think about something like this.

Is this because of Miss Han ?

Miss Ji told me. You two got pretty close.

Yeah.

Even so, what's there to even hesitate ?

It's not that simple

It's not that easy just to turn your back on someone who trusts you.

If...

If you don't tho, it will be over for you, eonnbee.

Did something happen?

What did you mean by that ?

The boss said so, huh

I see.

Do you understand the situation you are under now ? This is no time to hesitate !

Why are you telling me this? This must be a chance you've been looking for, no ?

...

I ... owe you few favours after all..

But you are right...

It's hard to betray people...

I must have lost my mind because

No-Young's intention to use me

And my boss' intention to abandon me

Neither is bothering me. What's bothering me now is Hye-Ri's well being.

I must move out of the room first...

And then I will think about my next

!

Park ... Yun ?

Cho Jin-Suk !

Argh...

Uh ... um !

Once the corruption is revealed, there will be some damage to Hye-Ri

I've kept this a secret because I feared you wouldn't help me if you knew.

Hye-Ri...

I was too busy with the council last year to pay attention to Hye-Ri.

When I finally found out it was Park Yun who has assisted Hye-Ri, I already knew she was the daughter of the chairman

So, I had to stay away from her.

Although that seems to have hurt Hye-Ri.

It felt it was better for her to feel that instead of feeling betrayed later.

I've indirectly tried to away you away from Hye-Ri.

But seeing you were helping her get back on her feet ... I was hesitant to act.

And it was too late.

...

탁!

Listen, I do know how you are feeling right now

But this is important for the both of us, no ? Am I wrong?

This is too much too fast.

Mr. Cho

Do you recall that you owe me a wish ?

그럼 내 소원 먹힐 기회 돌아온거지

Ah ? Ah..

Ahh!

This is where I need your help

And this is my wish

Can you help me ?

Ha-Young.

Thanks to the ex vice-president I now know there is a secret ledger. All I need is find it and this case will be over

This is where I need your help

And this is my wish

Can you help me ?

Ha-Young.

If you can't answer me right now, I will wait for you tonight at the council building.

Hye-Ri is the daughter of the chairman who is in the heart of this ...

If I publish this article, she will find out who I am ...

And her days at the university might be over.
